

# 100% ACCURACY

It takes time and effort to compile white and yellow page listing information, print and distribute the directory. Within that time some phone numbers in this directory have changed due to people and businesses moving into or out of the area and within the area. This is why it is impossible for any telephone directory to be 100% accurate at the time of distribution.

We assume no responsibility for errors or omissions. They will be corrected in a subsequent issue if reported by this form.

The best way for us to make corrections is for you to report them. If you live in the directory coverage area and have moved or changed phone numbers, Lakeview Publishing would like to have that information.

Please fill out the form below (& following page) detach and mail, fax or drop it by our office at:
